Mr. Neal Simmons  
Area Geologist  
Bureau of Land Reclamation  
San Rafael Resource Area  
900 North 700 East  
Price, Utah 84501

Dear Mr. Simmons:

Re: Sahara Mine Site Reclamation (UDOGM No. ACT/015/026)

This letter is written to advise your office that reclamation of the Energy Fuels Nuclear, Inc. (EFNI) Sahara mine site located near Green River, Utah, will commence during the week of September 23, 1991. Mobilization and initial earthwork will begin and continue uninterrupted until completing site reclamation according to the plan communicated to and approved by Mr. Holland Sheppard, Sr. Reclamation Specialist, State of Utah, Department of Natural Resources, Division of Oil, Gas and Mining. Understanding the joint BLM and UDOGM involvement with this reclamation project, EFNI will continue to coordinate all activities through both regulatory agencies.

Although the matter may be somewhat premature, verification of the appropriate mixture for seeding the Sahara Mine disturbed areas is requested. Currently, EFNI records indicate the following revegetation seed mixture is acceptable and will be used unless otherwise advised:

<u>Seed Species</u>	<u>Distribution</u> <u>lbs./acre</u>
Indian Ricegrass	1
Alkali Sacaton	1
Curlygrass	1
Mormon Tea	1
Shadscale	1
Yellow Sweet Clover	1
	<u>6</u> lbs/acre

Mr. Neal Simmons

Should any additional information or discussion be required concerning this matter, at this date or during the course of reclamation activities, do not hesitate to contact me at the EFNI, Fredonia, Arizona field office: (602) 643-7321.

Very truly yours,

ENERGY FUELS NUCLEAR, INC.

Roger B. Smith  
Manager of Mining Operations
